

Results Payments

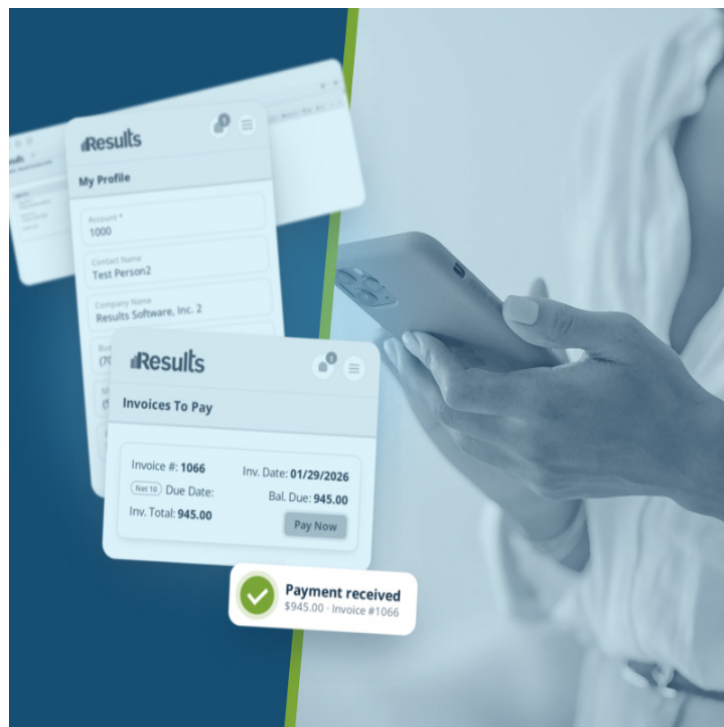

Powered by Jupico

A simpler way to get paid, right inside your Results workflow.

Results Payments takes the work out of getting paid.

Every payment and deposit lands on the right job and invoice, then flows straight into QuickBooks.

No matching. No double entry.

Getting paid will feel like a native part of running your business

Faster Cash Flow. Take payments or deposits on the spot.

Cleaner Books. Payments, deposits, and refunds automatically sync with QuickBooks.

Happier Customers. Multiple ways for your customers to pay. Always secure.

Why This Matters To Your Business

- Reduce the manual work around payment matching and reconciliation.
- Any staff member can take a payment or deposit. No more waiting on accounting to do it.
- Every payment links automatically to the right Customer, Job, and Invoice.
- Give your clients a professional experience with their self-serve payment and invoice portal.

Accept Payments Where You Work

- Every invoice includes a Pay Now link, so customers can pay securely, directly from the invoice.
- Techs can receive payments in the field the moment the job is complete.
- No need to leave Results to take a payment.

Focus Your People on the Work That Grows Your Business

With Results Payments, Staff No Longer Have To:

- Chase payments or spend time answering payment status questions.
- Spend time matching or reconciling transactions in QuickBooks.
- Re-enter payments made in a separate system.

RESULTS PAYMENTS

- Faster Payments
- Cleaner Books
